

## Rugged Pager

Our Rugged Pager is built to last, is extremely reliable, and is perfect for small or large teams. With programmable alert types, you can choose from a combination of vibration, flash or beep.

The set-up, maintenance and battery replacement is quick and easy. The Rugged Pager is one of our most popular-selling staff pagers for restaurants, warehouses, hospitals and more.

### Additional Features

The Rugged Belt Pager is extremely flexible and fully compatible with JTECH's complete line of transmitters.

#### UHF Technology

Up to 2-mile range with unique ID to prevent signal interference.

#### User-Replaceable Batteries

Replace your own batteries to reduce downtime and cost.

#### Digital Display

For customized alerts using numeric messaging.

#### Durable for High Volume Use

Built with high-quality materials for maximum durability and industry leading performance.

#### Smart Alerts

Out-of-Range and Search ensure guest contact and minimize pager loss.

#### Optional Manager Pagers

Managers can choose between alpha text, numeric or rugged rechargeable pagers.

#### Reprogramming Capabilities

With the touch of a button, pagers renumber based on their position in charger.
